SHORT GROUP EVS

# Project Description

The idea for the project BE COOL TOUR was created according to the needs of young people in our local environment. The idea is to connect and help all youngsters (with fewer opportunities, youngsters with other problems, immigrants...) Since local people accepted the project Urban Beat, we decided to continue with the activities in a new project called BE COOL TOUR. Since urban culture could be described as a large number of very different people in a very limited space where most of them don't know each other, we think this will be the perfect method for carry on our message about SOLIDARITY into the world. This creates a space where there is a possibility to build a wide range of subcultures that are close and exposed to each other, but are not necessarily connected. Our local environment has been changing and there is a lot of foreign people who has difficulties with language, they don't fit in any group, a lot of youngsters with weak social and economic status... And for youngsters this feeling of not being apart of a group can lead to difficult situations.

As a youth centre, we are able to extend our reach to different people from different subcultures and back grounds and bring them together and offer them a space where they can truly express themselves.

Our goal is to bring together young people who are members of unorganized youth and create different urban activities with solidarity note, different workshops (language, music, sports..) for youngster with poor economic status, sports games at the pool, open kitchen, camping outdoor and different activities for promoting Solidarity and different cultures.

For the cherry on top we will be organizing a two day urban festival, called the Genereator Festival (30 August and 31st August) with tons of activities for everyone. To name just a few: skate session/contest, graffiti painting, food fair, local NGO presentations and music concerts and much more.

And just for that. . . we need your help! :)

# Who can join?

We are looking for 15 participants,  
from 5 different organisations  
(3 participants per organisation)

who are:

- aged between 18 – 30,
  - motivated to help creating the festival
